December 6, 1917.

Sir R.A. Falconer,
President, Toronto University,
Toronto.

Dear Sir:

On Thursday evening, Nov. 29th, I was detained by the Immigration authorities at Windsor on the charge of trespassing on the C.P.R. The trial has been set down for Monday, Dec. 10th, at Windsor.

I will be obliged if you would give references as to any dealings I had with your or your opinion of my character while attending the University.

The only reason I can imagine for this detention is that for three years I was Secretary and Treasurer of J.H. Tromanhauser Co. Ltd., Mr. Tromanhauser being of German descent but born in Canada and a Canadian citizen.

This is the only reason I can even remotely connect with my detention. I do not know of any evidence they can produce against me and I hope to have the charge dismissed.

Thanking you in anticipation, I am,

Yours truly,

H.E. Harcourt

P.S.- Please send reply to Room 601, C.P.R. Building.

my trial has been enlarged for one week

December 11th., 1917

Dear Mr. Harcourt:

I am sorry to know that you are in difficulties. I have made inquiries from the Faculty of Applied Science and find that you took the three years' course in the Faculty of Applied Science, though you did not graduate on account of not having completed two subjects in the third year. Mr. Laing, however, informs me that there is nothing of any kind against you on any of our records as a man, and that as far as the University is concerned it has every reason to believe that there is nothing against your character.

I am,

Yours sincerely,

President.
